## Year 1 (2015)

- Data & reports accessible via UMN NetFiles
- Finalizing Year 1 project reporting by 5/31

## Year 2 (2016)

- Transit & auto calculations complete
- Data & draft reports posted by 5/19
- National reports:
  - Auto: September
  - Transit: November
  - Early release to TAP
  - Coordinate communications

## Year 3 (2017)

- Preparing amendment for next project year
- Deliverables:
  - Datasets: January 2018
  - Reports: February 2018

# Data Access

- Current: UMN NetFiles site w/ password for TAP member access
- Data sharing
  - Partner organizations
  - Public?

# Accessibility for Non-Motorized Modes

- Walking
  - Complete
  - Value of reports?
- Biking
  - Testing calculations using level of traffic stress (LTS)
  - Case studies — ~3 cities

# Accessibility and Freight

- Key questions:
  - Scale – local, regional, mega-regional, national?
  - Types of destinations
- Focus group conversations in June

# Data/Map API and Web Visualization

- Testing hosting options
  - Cloud vs. locally-run
  - Division of datasets
- Prioritizing types of data access
  - Maps
  - Data queries?

# Recruiting

- Conversations with TN, MA, MI
- Focus on MPOs
  - Within current partner states — reduced fees, local reporting
  - Revising materials with MPO focus — 5/31
  - Share with local MPOs

# Member Updates

# Other Business

Colleen O'Connor Toberman

# Questions and Discussion
